ONLINE INVITATION WEBSITES

Your invitation, *one link away*

Weddings · Christenings · Birthdays

A guide to our designs, packages and how ordering works, from your first message to the day your guests open the link.

imbitacion.com

What you get

We build a personal invitation website for your event. You get one link to share with all your guests, with your first preview in 3 to 5 days.

Guests open it on their phone, see every detail of your event, and reply to your RSVP in a few taps. With Basic, we email you the guest list after your RSVP deadline. With Standard and up, you see who is coming on your own private RSVP page anytime, with seat counts and guest messages, so there is no need to chase replies one by one.

Easy to share

Send by Messenger, Viber, SMS or email in seconds. Add the QR code to printed cards.

More than a card

Map, countdown, gift guide and RSVP, plus a live guest list, entourage and gallery with Standard and up.

Done for you

Send us your details and photos. We set up everything and send you a preview.

What we need from you

- [ ] Names (couple, baby or celebrant) as they should appear
- [ ] Event date and time
- [ ] Ceremony and reception venues, with Google Maps links if you have them
- [ ] Photos for the cover and gallery (clear, good-quality images)
- [ ] Your logo or monogram, if you have one (PNG with a clear background), and your pick for the opening screen: your initials, photo or logo, on the design's artwork, your softly faded photo, or your photo full-screen in any design. Christening and birthday designs open with your photo big in a frame (or pick the original round-seal cover); Garden Bloom, Filipiniana and Modern Minimal weddings can use the photo cover too
- [ ] Entourage, sponsors, or ninong and ninang list
- [ ] Guest list (for RSVP and personalized links), and with Premium your seating plan, at least 3 days before your event
- [ ] Dress code or color motif, outfits per group, RSVP deadline and plus-one rules
- [ ] Your day's timeline and reminders for guests, on the order form or on Messenger
- [ ] Any FAQs you want answered (parking, kids, gifts)
- [ ] Gift details, if you want a gift guide (GCash, Maya, bank, registry links, and any GCash, Maya, bank or registry QR code images)

Designs to choose from

Pick one of our 18 designs. Every design comes in 4 or more color themes, included in all packages. See them all at **imbitacion.com**: open any design on your phone and switch its colors to see how it looks, or tap “See the printed card” for its free 4R card (or the 3-card set).

On the opening screen, every wedding design shows its own corner art, or white orchids, grand orchids or calla lilies if you prefer (Filipiniana: capiz, with the flowers as an option). The flowers can also appear in a corner of each page inside.

Add-ons explained

Add any of these to your package on the order form. Want to see one first? Several have a live sample at imbitacion.com/order.

Rush delivery (within 24 hours) — **₱500**

We send your first preview within 24 hours after we receive your down payment, details and photos, instead of 3 to 5 days. We confirm we can do it before you pay, and refund the rush fee if we miss it.

Your own domain (e.g. juanandmaria.com) — **₱1,500 / year**

Your invitation at your own web address, like juanandmaria.com, instead of imbitacion.com/juan-maria. The price is per year. Included free for the first year with Fully custom.

Extra revision round — **₱300**

One more round of changes after the rounds in your package. Small fixes, like a typo or a time, are always free and don't count.

Keep the full invitation and RSVP 6 more months — **₱500**

Keeps your full invitation, RSVP form and guest links online 6 more months, for example if guests are still replying. Without it, your invitation becomes a free keepsake page after your package's period.

Personalized guest links — **₱800**

Each guest gets their own link that greets them by name ("Dear Tita Carmen...") with their name and number of seats already filled in, so guests can't change their seat count on the form. Included free in Premium.

After-event page where guests upload photos — **₱800**

From the morning of your event, guests can upload the photos they took into one shared album that you can view and download.

Wishes wall with big-screen mode — **₱800**

Guests leave a wish, with a photo if they like, on a wall around your photo; you choose which ones show. With big-screen mode and a poster file of every wish. Open until 3 months after your event, then a keepsake. On its own (no invitation, RSVP or printed card, 1 revision): ₱1,200.

Video message — **₱500**

Add your prenup film, same-day edit or a video message for your guests.

Print-ready file for your own print shop — **₱200**

The print-ready PDF of your card, so you can print as many copies as you like at your own print shop. (Your design and 1 printed card with an envelope are already included in every package.)

Monogram or logo design for your names — **₱400**

We design a monogram or logo from your initials, used on your invitation and printed card. Already have one? Just send it, it's free.

Thank-you page after the event — **₱400**

After your event, your invitation shows a thank-you message to your guests with photos from the day.

Extra printed 4R sets, with envelope — **₱30 or ₱60 a set**

Each set comes with an envelope. 1 card ₱30, or 3 cards ₱60 (invitation, details, RSVP & gifts).

Extra gallery photos — **₱300 per 10**

More photos in your gallery than your package includes (Standard 10, Premium 30 or 40), in sets of 10.

Good to know

- **Payment:** 50% down payment to start, balance before the site goes live. We accept GCash, Maya and bank transfer.
- **Refunds:** cancel before your first preview and we refund half your down payment (the rest covers work started). After it, the down payment is non-refundable.
- **Personalizing your design:** words, photos, colors and sections are personalized for free. Changes to the design itself (fonts, new decorations or sections) are quoted first, usually ₱300 to ₱1,500. A completely new look is Fully custom.
- **Revisions:** a revision round is one list of changes sent together: we apply them all and send you a new preview. Each package includes a set number of rounds (the Wishes wall on its own, 1); extra rounds are ₱300 each. Our mistakes and small fixes (a typo, a time, a name, one photo) are free while your full invitation is online.
- **Printed cards:** every package includes 1 printed 4R keepsake card in your design with an envelope, printed front and back (invitation on the front; map QR codes, dress code and gifts on the back). Extra sets: ₱30 (1 card) or ₱60 (3 cards) a set. We send a proof first; sets are ready 5–7 days after you approve it. Pick up for free at a pickup point we arrange with you on Messenger, or we send them by courier or Lalamove at cost. Far away? Get the print-ready file instead, free.
- **Hosting and after your event:** your full invitation stays online for your package's hosting period, counted from the day it goes live (extendable anytime). If it would end before your event, we keep your full invitation online until 2 weeks after your event, at no cost. Then it becomes a free keepsake page with your photos and story, kept online while we operate; the RSVP list, guest details, gift accounts and entourage list are removed.
- **Sharing your invitation:** only if you say yes on the order form, we may show your keepsake page as a sample on our website and Facebook. You can ask us to remove it anytime.
- **Privacy:** your invitation is visible to anyone with the link, so share it only with your guests. RSVP replies go to a private guest list for you, and we delete guest data when hosting ends, following the Data Privacy Act of 2012. Read more at imbitacion.com/privacy.
- **Guest links:** guests can still forward personal links, so share only those, not your main link.
- **Full terms:** imbitacion.com/terms.
- **Photos:** please send only photos you own or have permission to use.
- **Music** (Standard and Premium): pick a song from our free music library at imbitacion.com/music (public-domain or Creative Commons; we add any needed credit to your footer), or send your own. If you send your own, you confirm you can use it; if its owner asks, we switch to a library song.
